

## **INTEMA ADDS BLOCKCHAIN CONTRACT DEVELOPMENT SERVICE.**

Montreal, February 28, 2018: Intema Solutions Inc. ("Intema" or the "Corporation") (TSXV: ITM). Mr. Roger Plourde, Chairman & CEO, announces that Corporation will set-up a new Blockchain contract development division to offer product development and marketing. The goal of this new division will be to help clients set the strategic vision for how to build and market cutting-edge Blockchain technology. Intema's dedicated staff will maneuver in this highly technical and constantly changing environment and will bring the hands-on skills to lead customer projects.

Intema will influence the way enterprise leaders think about Blockchain technology.

Intema will bring a team comprised of software engineers, technology consultant and creative designers. The company will bring the best team on board to develop and design all the services ranging from simple to advanced Blockchain architecture.

The group' skillful expertise in Blockchain development will analyze customer requirements and help acquaint clients with the potential outcome of this technology to meet business specifications.

Intema's Blockchain development group will help in setting up enterprise-grade Blockchain deployment via Hyperledger or Ethereum platforms and a variety of development tools. The team will define a model to generate a Business network, deploy on Hyperledger or Ethereum platforms. Right from building the code to managing the roadmap, Intema will extend its support and help transform the way business transactions can happen in a global way.
